

An Educational Seminar for Local 1 & Local 63 Employers

“Employer Liabilities for Underfunded Multiemployer Pension Plans”

Wednesday - May 13,, 2009

Maggiano’s Oak Brook (Oak Brook Shopping Center)

8: 00 am Registration & Hot Buffet Breakfast • 8:30-10:30 am Program

Multiemployer pension plans cover one-fifth of all worker pension plans in the United States. and these days they’re all in trouble, thanks in large part to the current economic problems that have eroded the value of pension plan assets and decimated investment returns. Will there be enough to pay workers? What if the funds run short? If there are shortages, how will it directly affect your company?

We urge all members to attend this meeting to learn more about how the health of pension funds is measured and what the law requires. Red, yellow, green -- what’s it all about?

Our speaker is **Richard “Rick” Gerasta, Senior Vice President of The Segal Company**, a nationally recognized actuarial company that is a consultant for the Local #1 Pension Fund as well as the Mid America Fund.
